Porkka in Finland is an internationally recognised designer and manufacturer of Refrigeration and Food Storage/Display Equipment

7(012)987-08-81

Porkka in Finland is an internationally recognised designer and manufacturer of Refrigeration and Food Storage/Display Equipment. The range incorporates Chilled, Frozen and Heated options. Major clients include commercial kitchens, restaurants, fast food outlets, hotels, industrial canteens, hospitals, laboratories and retailers throughout the World.

Our main markets outside of Finland include Scandinavia, United Kingdom, Germany, Switzerland, Holland, Belgium, Russia and the Baltic regions. 80% of the companies' turnover is derived from foreign transactions and exports. On going and adaptive development by numerous foreign representatives ensures our continued growth.

Porkka's success is based on decades of experience, customer focused design and continuous product development.

Porkka is part of the Huurre Group. Porkka and Huurre brands are well known for their quality and reliability throughout the world.

Porkka designs and manufactures to a quality standard ISO 9001 which is controlled and certified by Lloyd's Register Quality Assurance. We also hold the environmental certificate ISO 14001 which also has been issued by LRQA, where environment impact in production is kept to a minimum.

CE marked products. The manufacturer through continuous research and development reserves the right to change technical specification and design without notice.

Porkka reserves the right to make any changes without prior notice.
